

Products Introduction

➡ DSZ-N Series Block Brake

Product	Features
	<ol style="list-style-type: none">1. Low temperature rise, low power consumption2. Long service life3. Low noise (with 50db)4. Easy-maintainable5. Reliable,safe and stable under various environments
End Application	
Elevator	

Products Introduction

➔ MT Series Disc Brake

Product	Features
	<ol style="list-style-type: none">1. Low temperature rise, low power consumption2. Long service life3. Low noise (with 50db)4. Easy-maintainable5. Compact design, large brake torque
End Application	
Elevator	

Products Introduction

➡ MT Series Caliper Brake

Product	Features
	<ol style="list-style-type: none">1. Low temperature rise, low power consumption2. Long service life3. Low noise (with 50db)4. Easy-maintainable
End Application	
Elevator	

Products Introduction

➔ DTZ Series Drum Brake

Product	Features
	<ol style="list-style-type: none">1. Reasonable design, low temperature rise2. Class H, long service life3. Low power consumption
End Application	
Escalator	

Products Introduction

➔ DSZ Series Electro Magnetic Brake

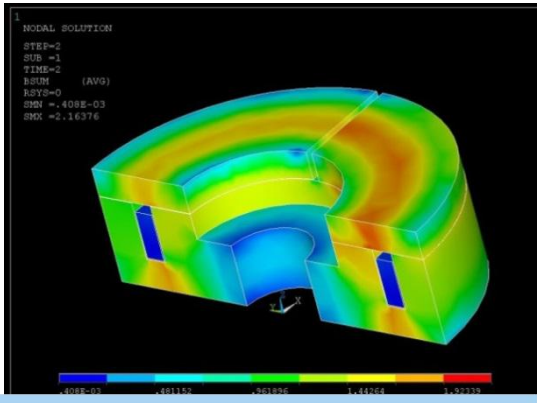

Product	Features
	<ol style="list-style-type: none">1. Low power consumption2. Long service life3. Low noise4. Easy-maintainable, reliable and stable5. Modular design, could meet variety of needs
End Application	
<p>stage Crane Metallurgy harbor</p>	

Products Introduction

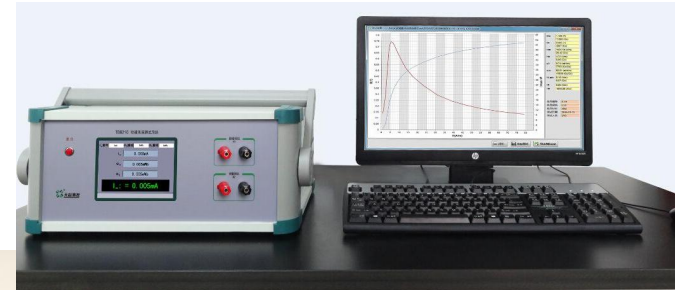

➔ DSZ Series Electro Magnetic

Product	Features
	<ol style="list-style-type: none">1. Long service life2. Stable3. Short response time4. Adapt multifarious environment
End Application	
Wind power	

R&D

Magnetic circuit design

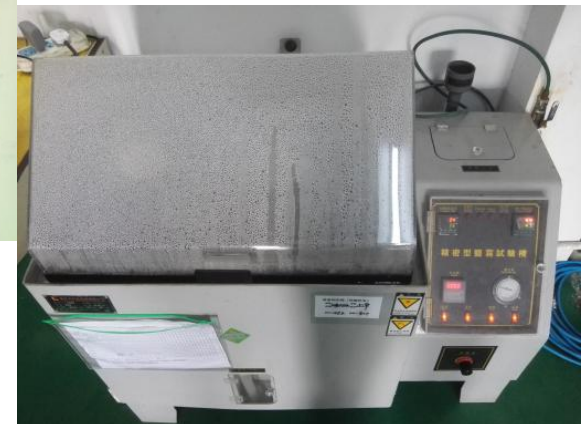

D.C. magnetic measurement of soft magnetic material

Dynamic torque test

Life test

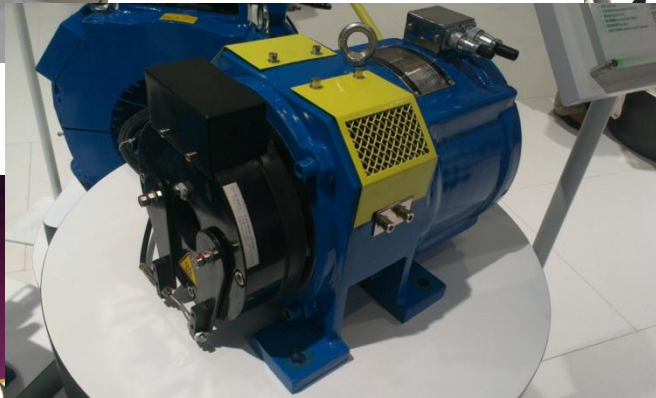

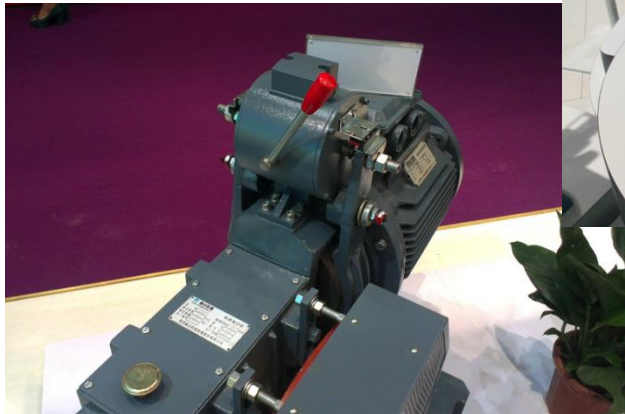

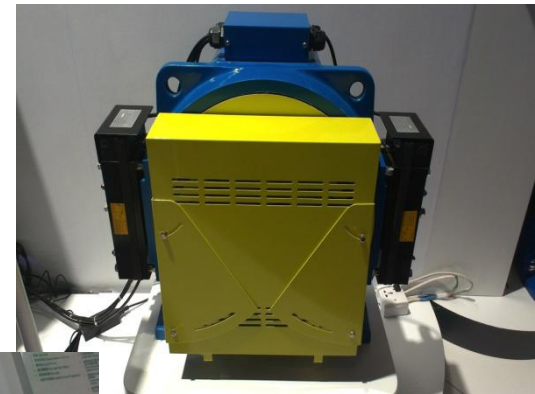

Salt spray test

Production and Storage

Applications

Brakes for Elevator & Escalator

Applications

Brakes for stages: Disneyland theater

CCTV theater

circus city

Applications

Brakes for testing system of High-speed rail

Applications

Wind power

Wind power
